

**Product Information****Reference No.:** DMWH-ES202502**Material:** PET**Voltage:** 220V-240V**Consumption:** 2,5W/dm²**Operating Temperature:** 10°C-20°C**Certifications:** CE, FCC, IP54, RoHSS**Dimensions:** 80cm x 60cm**Power:** 20W**Luminous Flux:** 1800lm**Product Description**

With a subtle design and rounded corners, the LED mirror with rounded edges is the ideal solution for bathrooms that value comfort, functionality, and modern aesthetics. Manufactured in high-resistance technical PET, it ensures durability and performance even in humid environments. Equipped with anti-fog technology, it keeps the surface clear and fog-free at all times. The integrated LED lighting provides soft, uniform, glare-free illumination, ideal for everyday use. This mirror combines advanced technology with a timeless design to elevate the experience in any bathroom space.

*CE marking indicates that the product complies with European Union safety, health, and environmental standards, allowing it to be legally marketed within the European Economic Area.
