

Product Information

Reference No.: DMRS-CL10W001
DMRS-CL15W002 | DMRS-CL20W003

Power: 10W, 15W, 20W

Light Output: 1050 lm / 1575 lm / 2100 lm

Rated Voltage: AC 220–240 V

Color Temperature (CCT): 3000K / 4000K / 5000K

Beam Angle: 110°

CRI: 80 / 90 / 97

IP: 20

Color Finish: White / Black (other colors upon request)

Material: Aluminum + PC

Certifications: CE & RoHS

Product Description

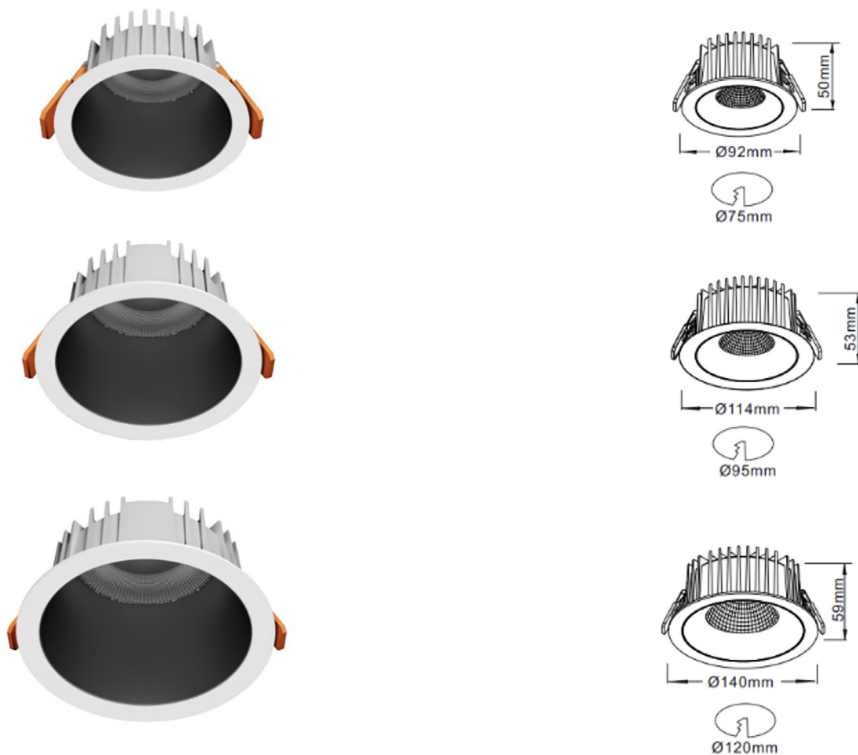

With a modern design and advanced LED technology, this recessed downlight ensures uniform, energy-efficient, and high-performance illumination.

It adapts to various lighting requirements with reliability and refined aesthetics, making it suitable for both residential and commercial interiors.

*CE marking indicates that the product complies with European Union safety, health, and environmental standards, allowing it to be legally marketed within the European Economic Area.

DMRS-CL20W003	Ø140mm*59mm Ø120mm	20	2100LM					
Finish: White / Black Material: Aluminum / PC Certifications: CE & RoHS								

Warranty Period: 3 years

IP: Indicates the level of protection of a device against dust and water.

CRI: Indicates how a light renders colors.

CCT: Indicates whether the light appears warmer (yellowish) or cooler (whiter/bluer), measured in Kelvin (K).

*CE marking indicates that the product complies with European Union safety, health, and environmental standards, allowing it to be legally marketed within the European Economic Area.
